

We are now Refinitiv, formerly the Financial and Risk business of Thomson Reuters. We've set a bold course for the future – both ours and yours – and are introducing our new brand to the world.

As our brand migration will be gradual, you will see traces of our past through documentation, videos, and digital platforms.

Thank you for joining us on our brand journey.

# Thomson Reuters Indices one stop shop for all your indexing needs

## Thomson Reuters Indices is a global, cross asset provider of indices for all your performance measurement and investment needs.

Launched in response to increasing dissatisfaction with “traditional” index providers’ pricing and usage policies, Thomson Reuters provides the investment community with:

- Passive Core Indices (Global Equity, Convertible, Commodity, Fixed Income and FX Indices)
- Specialized Asset Class Indices (Private Equity Buyout and Venture Capital Indices)
- Thematic and Smart Equity Indices (Islamic, ESG, Diversity & Inclusion and Small Business Indices)
- Custom index services

### Fewer restrictions compared to traditional index providers

Our indices give you a competitive advantage by avoiding the usage restrictions and pricing complexities imposed by other index providers.

- Single global subscription fee for all aspects of the fund benchmarking and reporting process with no site licenses
- Per index subscription option available
- Highly competitive product licensing rates, allowing for redistribution to clients and partners

### Highly correlated alternatives

You can benefit from an industry standard approach to equity and fixed income index construction:

- Over 10,000 free float market cap weighted indices for 51 countries
- EFFAS recognised Sovereign bond indices for 28 countries, corporate bond indices for select markets
- Ability to quickly and affordably customize existing indices

### Innovative thematic indices

Tracking the performance of increasingly important investment themes is critical to your success. That’s why Thomson Reuters is your one stop source for innovative indices:

- CRB indices based on commodity futures or commodity exposed equities
- ESG indices, including diversity and inclusion

### What sets us apart?

- Simple, flexible commercials
- Global, cross asset series
- Best-in-class industry classification system
- Access to vast depth and breadth of Thomson Reuters data
- Robust, backed up and 24/6 supported real time index operations
- Our globally recognised, independent brand

- Shariah equity and Sukuk indices
- US Venture Capital Indices
- TRBC – the industry’s first 5-tier classification system to build custom indices for themes such as luxury, infrastructure and clean tech

### Capabilities and content to build custom indices

We have the data and capabilities to help you at various stages of the index creation process.

We can create the index (calculation, rebalancing, governance, licensing) or can supply the source data for you to create your own index.

### Count on decades of experience

With over 30 years experience, Thomson Reuters branded indices are used by some of the world’s most respected pension funds, asset managers, and exchanges.
